Battery cover

Use the Augmented Reality App

1. After activating the App successfully, tick the Moving Globe Button in the middle of the App and wait for loading.
2. Keep your device about 30 cm away from the Globe and let the App scan the Globe automatically.
3. To start the activities, select the Activity icons at the lower right corner.

Precautions

• Warning! Not suitable for children under 3 years. Small parts. Choking hazard.

- The toy must only be used with a transformer for toys.
- Use an output 5 V 500 mA transformer with the toy.
- The transformer is not a toy.
- The toy is not to be connected to more than the recommended number of power supplies.
- Transformer unit to be used with the toy should be regularly examined for potential hazard, such as damage to the cable or cord, plug, enclosure of other parts and that in the event of such damage; the toy must not be used until that damage had been properly removed.

Cleaning and Maintenance

Your **SmartGlobe™** should be checked regularly for damage to avoid the danger of an electric shock. Do not use them if they are damaged.
Always remove the batteries before cleaning. Do not attempt to dismantle any part of the product, and only use a soft, dry cloth for cleaning.
Do not get **SmartGlobe™** or any of its parts wet, and be sure that your hands are clean before touching the globe surface.

Contact Information

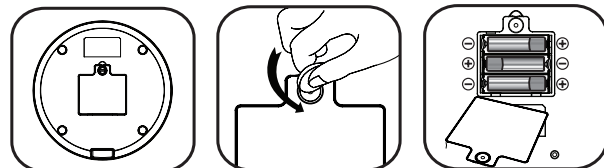

We would be happy to receive your comments and suggestions, and appreciate your feedback. Feel free to contact us at www.oregonscientific.co.uk.

Dear Parents / Guardians,

Thank you for selecting **SmartGlobe™ Starry** by Oregon Scientific. This product combines map and constellations in one globe, and has built in Augmented Reality technology, providing you with a real world view with our dedicated **Smart Globe App**. As a truly international company, all of us at Oregon Scientific take a personal interest in designing products that help both children and adults understand more about our global neighbours. It is our goal that you will learn something new and inspiring that might change your perspective of the world.

Getting Started

Your **SmartGlobe™ Starry** is powered by three AA size batteries or USB power source (not included). To open the battery cover, remove the screw under the base with a coin and then pull it open as shown. Install the batteries and then replace the cover back.

Caution

- Different types of batteries or new and used batteries are not to be mixed.
- Only use batteries of the same or equivalent type.
- Batteries are to be inserted with the correct polarity.
- Remove batteries from the unit if the unit is not going to be used for a long time.
- Remove all batteries when replacing.
- Do not dispose of batteries in fire.
- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the product before being charged.
- Rechargeable batteries are only to be charged under adult supervision.
- Exhausted batteries are to be removed from the product.
- The supply terminals are not to be short-circuited.
- In an environment prone to static discharge, the unit may malfunction. To reset, remove batteries for at least 10 seconds before connecting the power supply again.

Oregon Scientific (U.K.) Limited

One St Peter's Road Maidenhead
Berkshire SL6 7QU, UK

Email: uk@oregonscientific.com
Website: www.oregonscientific.co.uk

Pursuant to and in accordance with Article 14 of the Directive 2012/19/EU of the European Parliament on waste electrical and electronic equipment (WEEE), and pursuant to and in accordance with Article 20 of the Directive 2013/56/EU of the European Parliament on batteries and accumulators and waste batteries.

The barred symbol of the rubbish bin shown on the equipment indicates that, at the end of its useful life, the product must be collected separately from other waste.

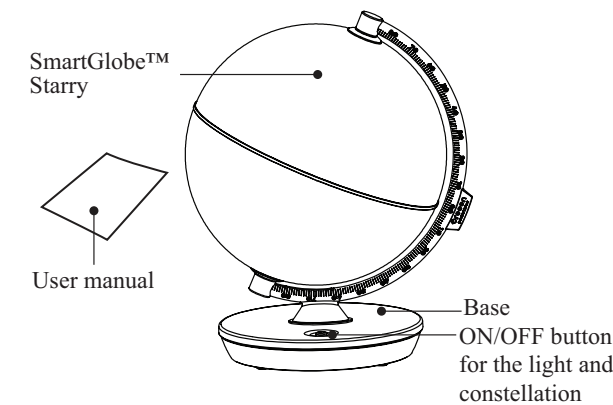

Please note that the batteries/rechargeable batteries must be removed from the equipment before it is given as waste. To remove the batteries/accumulators refer to the specifications in the user manual. Therefore, any products that have reached the end of their useful life must be given to waste disposal centers specializing in separate collection of waste electrical and electronic equipment, or given back to the dealer when purchasing a new WEEE, pursuant to and in accordance with Article 14 as implemented in the country.

The adequate separate collection for the subsequent start-up of the equipment sent to be recycled, treated and disposal of in an environmentally compatible way contributes to preventing possible negative effects on the environment and health and optimizes the recycling and reuse of components making up the apparatus. Abusive disposal of the product by the user involves application of the administrative sanctions according to the laws in force.

About Your SmartGlobe™ Starry

Your **SmartGlobe™ Starry** is supplied with the following parts; please contact Oregon Scientific if any parts are missing.

Front

Observe Constellation

Press the ON/OFF button to turn on the light and observe constellation at night. The globe shows the key stars and constellations with their common names.

Augmented Reality App

To activate the Augmented Reality function, download and install the App on your Smart Phone or Tablet PC. This App supports both Apple iOS and Android system.

System requirements

	Min. Configuration	Recommended Configuration
	iOS 8.0+	iOS 9.0+
	1GB RAM 1GB Storage Space	2GB RAM 1GB Storage Space
	iPad 4, iPhone 5s	iPhone 6, iPad Air 2 and above
	4.5+ OpenGL ES2.0	5.0+ OpenGL ES2.0
	1GB RAM 1GB Storage Space	2GB RAM 1GB Storage Space

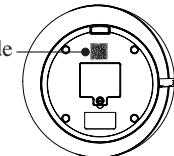

Install and Activate the Smart Globe App

1. Search “Smart Globe” in Apple App Store or Google Play
OR Scan the QR code above or on the package box to download the App.
2. Open the “Smart Globe” App, register an account and sign in.
3. On the operation page of the App, scan the activating QR code at the bottom of the base to activate the Smart Globe App.

Note: The activating QR code is available for activating the App on five smart devices.

Activating code

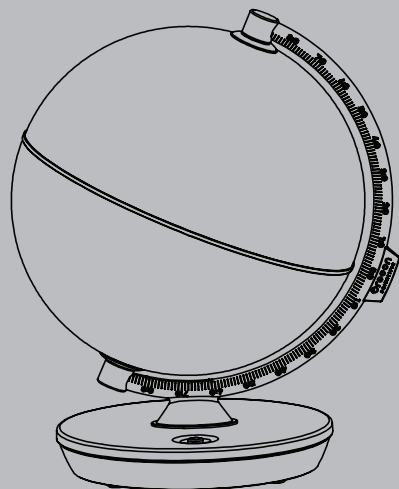

Abusive disposal of the product by the user involves application of the administrative sanctions according to the laws in force.

The toy is only to be connected to Class II equipment bearing the following symbol

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

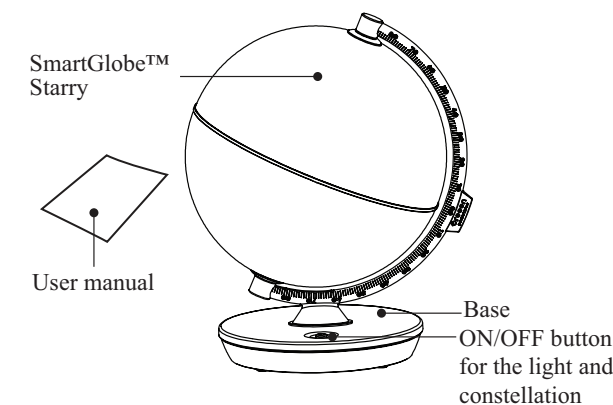

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Utilizzare l'app di Realtà Aumentata

1. Dopo aver attivato l'app con successo, premere il globo in rotazione e attendere il caricamento.
2. Tenere il dispositivo a 30 cm dal globo e lasciare che l'app lo scannerizzi automaticamente.
3. Per iniziare le attività, selezionare le icone di attività nell'angolo in basso a destra.

Precauzioni

- **Attenzione! Non adatto ai bambini al di sotto dei 3 anni. Piccole parti. Rischio soffocamento.**
- Il giocattolo deve essere utilizzato solo con trasformatori per giocattoli.
- Con il giocattolo, utilizzare trasformatori con tensione e corrente in uscita pari, rispettivamente, a 5 V e 500 mA.
- Il trasformatore non è un giocattolo.
- Il giocattolo non deve essere collegato a una quantità di alimentatori superiore a quella raccomandata.
- Il trasformatore da utilizzare con il giocattolo dovrebbe essere esaminato periodicamente in cerca di eventuali problemi, quali i danni al cavo o al filo, alla spina, al rivestimento di altri componenti, e, in caso di tali danni, il giocattolo non deve essere utilizzato fino a quando il danno rilevato non è adeguatamente riparato.

Pulizia e manutenzione

Il **SmartGlobe™ Starry** deve essere regolarmente controllato per danni, per evitare il pericolo di shock elettrico. Non usarlo se danneggiato.

Rimuovere sempre le batterie prima di pulirlo. Non cercare di smontare le parti del prodotto e usare solo un panno morbido e asciutto per pulirlo.

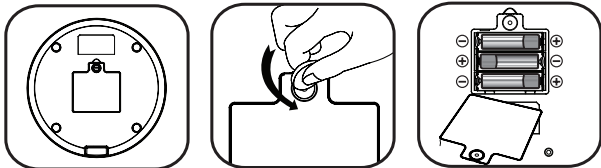

Non lasciare che il **SmartGlobe™ Starry** o alcuna parte di esso si bagni e assicurarsi di avere le mani pulite prima di toccarne la superficie.

Cari Genitori/Tutori,

Grazie per aver scelto **SmartGlobe™ Starry** della Oregon Scientific. Questo prodotto mette insieme mappa e costellazioni in un unico globo, è dotato inoltre di tecnologia di Realtà Aumentata che mostrerà una visione reale del mondo grazie all'utilizzo della nostra App specifica Smart Globe. In quanto azienda internazionale, noi della Scientific Oregon proviamo un forte interesse nel progettare prodotti che aiutino i bambini e gli adulti a comprendere di più il nostro prossimo. Il nostro obiettivo è quello di insegnare qualcosa di nuovo e di motivante che potrà cambiare la vostra prospettiva sul mondo.

Iniziare

Il Vostro **SmartGlobe™ Starry** è alimentato da tre batterie AA oppure da un adattatore AC/DC con uscita USB (non inclusa). Per aprire il coperchio dello scompartimento per le batterie, rimuovere la vite sotto la base con una moneta e aprire come mostrato. Installare le batterie e reinserire il coperchio.

Attenzione

- Tipi diversi di batterie o batterie nuove e usate non devono essere mischiate.
- Usare solo batterie dello stesso tipo o equivalenti.
- Le batterie devono essere inserite con la polarità corretta.
- Rimuovere le batterie dall'unità se questa non verrà usata per lungo tempo.
- Rimuovere tutte le batterie durante il ricambio.
- Non gettare le batterie nel fuoco.
- Le batterie non ricaricabili non devono essere ricaricate.
- Le batterie ricaricabili devono essere rimosse prima di essere caricate.
- Le batterie ricaricabili devono essere ricaricate solo sotto la supervisione di un adulto.
- Le batterie esaurite devono essere rimosse dal prodotto.
- I terminali di alimentazione non devono essere messi in cortocircuito.
- In un ambiente incline allo scarico statico, l'unità potrebbe avere malfunzionamenti. Per resettare, rimuovere le batterie per almeno 10 secondi prima di riposizionarli in sede.

Informazioni di contatto

Saremmo lieti di ricevere commenti o suggerimenti e apprezzeremmo il Vostro feedback. Siate liberi di contattarci all'indirizzo www.oregonscientific.it.

Le batterie non devono essere smaltite con i rifiuti domestici. Si raccomanda di smaltirle correttamente portandole presso gli appositi punti di raccolta. Rivolgersi alle autorità locali o al rivenditore per ottenere indicazioni sul riciclaggio.

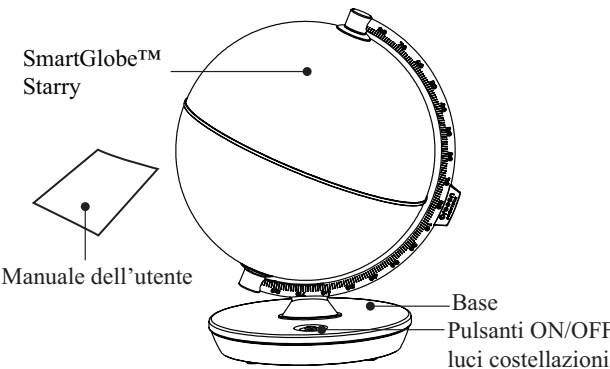

CE **ATTENZIONE!:** Giocattolo non adatto ai bambini di età inferiore ai 3 anni. Contiene piccole parti che potrebbero essere ingerite o inalate provocando il soffocamento. Si consiglia l'utilizzo sotto la supervisione di un adulto. Leggere attentamente prima dell'uso e conservare le avvertenze per future referenze. Rimuovere tutto il materiale di imballaggio prima di consegnare il giocattolo al bambino. I colori e i dettagli possono variare rispetto a quanto illustrato.

Connettere solo ed esclusivamente con dispositivi elettricidispositivi elettrici dove il simbolo 'Classe II' sia ben evidenziato con il marchio corrispondente

A proposito del Vostro SmartGlobe™ Starry

Il **SmartGlobe™ Starry** è provvisto delle seguenti parti; si prega di contattare la Oregon Scientific nel caso qualche parte risultasse mancante.

Fronte

Osservare la costellazione

Premere il tasto ON/OFF per accendere la luce e osservare le costellazioni. Il globo mostra le stelle e le costellazioni importanti con i loro nomi conosciuti.

App di Realtà Aumentata

Per attivare la funzione di realtà aumentata, scaricare e installare la App su smart phone, tablet o PC. Questa App supporta sia i sistemi Apple iOS che Android.

Requisiti di sistema

	Configurazione minima	Configurazione raccomandata
	iOS 8.0+	iOS 9.0+
	1GB RAM 1GB Memoria	2GB RAM 1GB Memoria
	iPad 4, iPhone 5s	iPhone 6, iPad Air 2 e successivi
	4.5+ OpenGL ES2.0	5.0+ OpenGL ES2.0
	1GB RAM 1GB Memoria	2GB RAM 1GB Memoria

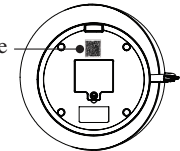

Installare e attivare la Smart Globe App

Codice di attivazione

1. Cercare "Smart Globe" nell'app store o su google play **OPPURE** scannerizzare il codice QR riportato qui sopra o sulla scatola del prodotto e scaricare l'app.
2. Aprire l'app "Smart Globe", registrare un account e accedere.
3. Sulla pagina operativa dell'app, scannerizzare il codice QR di attivazione sotto la base per attivare la Smart Globe App.

Nota: Il codice QR di attivazione è utilizzabile per attivare l'app su cinque dispositivi.

Ai sensi dell'art.26 del Decreto Legislativo 14 marzo 2014, n. 49 "Attuazione della Direttiva 2012/19/UE sui rifiuti di apparecchiature elettriche ed elettroniche (RAEE)" ed ai sensi dell'art.22 del Decreto Legislativo 188 del 20 novembre 2008 "Attuazione della direttiva 2013/56/EU concernente pile, accumulatori e relativi rifiuti".

Il simbolo del cassonetto barrato riportato sull'apparecchiatura o sulla sua confezione indica che il prodotto alla fine della propria vita utile deve essere raccolto separatamente dagli altri rifiuti per permetterne un adeguato trattamento e riciclo.

Si ricorda che le pile/accumulatori devono essere rimosse dall'apparecchiatura prima che questa sia conferita come rifiuto. Per rimuovere le pile/ accumulatori fare riferimento alle specifiche indicazioni riportate nel manuale d'uso.

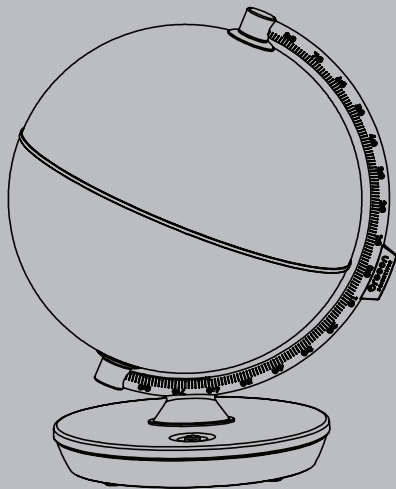

L'utente dovrà, pertanto, conferire gratuitamente l'apparecchiatura e la pila giunta a fine vita agli idonei centri comunali di raccolta differenziata dei rifiuti elettrici ed elettronici, oppure riconsegnarle al rivenditore secondo le seguenti modalità:

- sia pile portatili sia apparecchiature di piccole dimensioni, ovvero con almeno un lato esterno non superiore a 25 cm, è prevista la consegna gratuita senza obbligo di acquisto presso i negozi con una superficie di vendita delle apparecchiature elettriche ed elettroniche superiore ai 400 mq. Per negozi con dimensioni inferiori, tale modalità è facoltativa.

- per apparecchiature con dimensioni superiori a 25 cm, è prevista la consegna in tutti i punti di vendita in modalità 1 contro 1, ovvero la consegna al rivenditore potrà avvenire solo all'atto dell'acquisto di un nuovo prodotto equivalente, in ragione di uno a uno.

L'adeguata raccolta differenziata per l'avvio successivo dell'apparecchiatura e delle pile/accumulatori dismessi al riciclaggio, al trattamento e allo smaltimento ambientalmente compatibile contribuisce ad evitare possibili effetti negativi sull'ambiente e sulla salute e favorisce il reimpiego e/o riciclo dei materiali di cui essi sono composti.

Lo smaltimento abusivo di apparecchiature, pile ed accumulatori da parte dell'utente comporta l'applicazione delle sanzioni di cui alla corrente normativa di legge.

Chers parents,

Merci d’avoir choisi le **SmartGlobe™ Starry** par Oregon Scientific. Ce produit combine une carte et des constellations dans un globe, et intègre la technologie de Réalité Augmentée, vous offrant une vision du monde réel avec notre application dédiée **Smart Globe**. En tant que société internationale, nous nous intéressons personnellement à la conception de produits qui aident les enfants et les adultes à en savoir plus sur nos voisins dans le Monde. Notre objectif est que vous puissiez apprendre quelque chose de nouveau et d’inspirant qui pourrait changer votre point de vue du monde.

Démarrage

Votre **SmartGlobe™ Starry** est alimenté par trois piles AA ou une source d’alimentation USB (non incluse). Pour ouvrir le couvercle de la batterie, retirez la vis sous la base avec une pièce de monnaie, puis ouvrez-la comme indiqué. Installez les piles et remettez le couvercle en place.

Mise en garde

- Les différents types de piles ou les piles neuves et usagées ne doivent pas être mélangées.
- Utilisez uniquement des piles du même type ou équivalent.
- Les piles doivent être insérées avec la polarité correcte.
- Retirez les piles de l’appareil si l’appareil ne sera pas être utilisé pendant une longue période.
- Retirez toutes les piles lors du remplacement.
- Ne jetez pas les piles au feu.
- Les piles non rechargeables ne doivent pas être rechargées.
- Les piles rechargeables doivent être retirées du produit avant d’être chargées.
- Les piles rechargeables ne doivent être chargées que sous la supervision d’un adulte.
- Les piles épuisées doivent être retirées du produit.
- Les terminaux d’alimentation ne doivent pas être court-circuités.
- Dans un environnement propice à une décharge statique, l’appareil peut mal fonctionner. Pour réinitialiser, retirez les piles pendant au moins 10 secondes avant de reconnecter l’alimentation à nouveau.

Nettoyage et entretien

Votre **SmartGlobe™** doit être vérifié régulièrement pour détecter les dommages afin d’éviter tout risque de choc électrique. Ne les utilisez pas s’ils sont endommagés. Retirez toujours les piles avant le nettoyage. N’essayez pas de démonter une partie du produit, et utilisez uniquement un chiffon doux et sec pour le nettoyage.

Ne laissez pas le **SmartGlobe™** ou l’une de ses parties être mouillés, et assurez-vous que vos mains sont propres avant de toucher la surface du globe.

Information de contact

N’hésitez pas nous faire part de vos commentaires ou suggestions. N’hésitez pas à nous contacter par e-mail à l’adresseci-dessous.

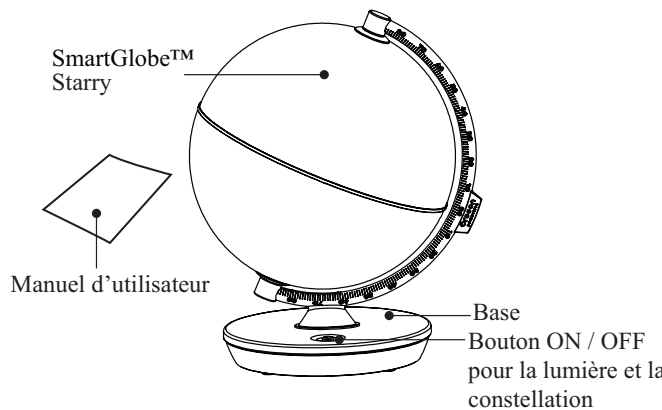

Oregon Scientific France.

Centre d’affaires EGB
5 avenue Georges Bataille
60330 LE PLESSIS BELLEVILLE

À propos de votre SmartGlobe™ Starry

Votre **SmartGlobe™ Starry** est fourni avec les pièces suivantes. Veuillez contacter Oregon Scientific s’il manque des pièces.

Avant

Observer les constellations

Appuyez sur le bouton ON / OFF pour allumer la lumière et observer les constellations la nuit. Le globe montre les étoiles clés et les constellations avec leurs noms communs.

Application de Réalité Augmentée

Pour activer la fonction de Réalité Augmentée, téléchargez et installez l’application sur votre Smartphone ou Tablette PC. Cette application supporte à la fois le système iOS d’Apple et le système Android.

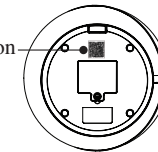

Exigences du système

	Configuration Min.	Configuration recommandée
	iOS 8.0+	iOS 9.0+
	1 Go de RAM, 1 Go d’espace de stockage	2 Go de RAM, 1 Go d’espace de stockage
	iPad 4, iPhone 5s	iPhone 6, iPad Air 2 et plus récent
	4.5+ OpenGL ES2.0	5.0+ OpenGL ES2.0
	1 Go de RAM, 1 Go d’espace de stockage	2 Go de RAM, 1 Go d’espace de stockage

Installer et activer l’application Smart Globe

1. Recherchez “Smart Globe” dans l’Apple App Store ou Google Play **OU** Scannez le code QR ci-dessus ou sur la boîte d’emballage pour télécharger l’application.
2. Ouvrez l’application “Smart Globe”, enregistrez un compte et connectez-vous.

Aux termes des Directives européennes 2011/65/EU et 2012/19/EU, relatives à la réduction de l’utilisation de substances dangereuses dans les appareils électriques et électroniques et à l’élimination des déchets.

Le symbole représentant une poubelle barrée reporté sur l’appareil indique que le produit doit être collecté séparément des autres déchets à la fin de sa propre vie.

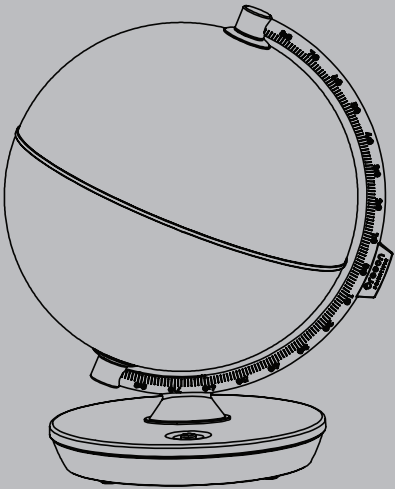

L’usager devra donc remettre l’appareil, lorsqu’il ne l’utilisera plus, à des centres adaptés de collecte sélective pour les déchets électroniques et électrotechniques, ou bien il devra le rapporter au revendeur au moment de l’achat d’un nouvel appareil de type équivalent, en raison d’un contre un.

La collecte sélective adéquate pour la transmission successive de l’appareil qui n’est plus utilisé au recyclage, au traitement ou à l’élimination compatible au niveau environnemental, contribue à éviter les effets négatifs possibles sur l’environnement et sur la santé et favorise le recyclage des matériaux dont l’appareil est composé.

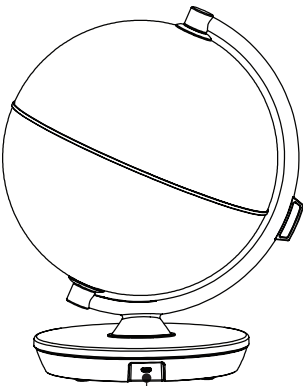

L’élimination illégale du produit par l’usager est passible de l’application de sanctions selon les lois en vigueur.

Ce jouet doit uniquement être connecté à des équipements de classe II portant le symbole suivant

Instalar y activar la aplicación Smart Globe

- Busque “Smart Globe” en la tienda de aplicaciones Apple o en Google Play, **O** Escanee el código QR mostrado o el que se puede encontrar en el paquete del producto para descargar la aplicación.
- Abra la aplicación “Smart Globe”, registre una cuenta e inicie sesión.
- En la página de operaciones de la aplicación, escanee el código QR de activación en la parte inferior de la base para activar la aplicación de Smart Globe.

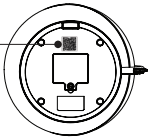

Nota: El código de activación QR permite la activación de la aplicación en cinco dispositivos.

App Usando la aplicación de Realidad Aumentada

- Después de finalizar correctamente la activación de la aplicación, pulse sobre el botón de “Moving Globe” dentro de la aplicación y espere mientras se descarga.
- Mantenga su dispositivo a unos 30 cm de distancia del Globo y deje que la aplicación escanee el mismo automáticamente.
- Para empezar el funcionamiento, seleccione los iconos “Activity” de la esquina inferior derecha.

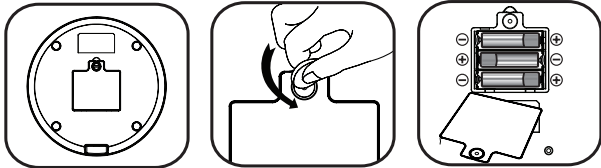

Código de activación

Introducción

Su **SmartGlobe™ Starry** funciona con tres pilas AA o a través de una fuente de alimentación USB (no incluida). Para abrir la cubierta de las pilas, retire el tornillo bajo la base con una moneda y después tire de ella para abrirla como se muestra. Instale las pilas y vuelva a colocar la tapa.

Advertencia

- No utilice al mismo tiempo pilas nuevas y usadas o diferentes tipos de pilas.
- Use solo pilas del mismo tipo o de tipo equivalente.
- Las pilas deben colocarse respetando su polaridad.
- Si la unidad no se va a usar durante un periodo largo de tiempo, retire de ella las pilas.
- Al cambiarlas, retire todas las pilas.
- No lance las pilas al fuego.
- Las pilas no recargables no deben ser recargadas.
- Las pilas recargables deben ser retiradas del producto antes de su recarga.
- La recarga de pilas recargables debe hacerse bajo supervisión de un adulto.
- Las pilas gastadas deben retirarse del producto.
- No se debe cortocircuitar la terminal de suministro.
- En aquellas circunstancias propicias para descargas de electricidad estática, la unidad podría no funcionar correctamente. Para reiniciarla, retire las pilas durante al menos 10 segundos y después vuelva a conectar la fuente de alimentación.

Precauciones

- ¡Cuidado! No apropiado para niños menores de 3 años, contiene piezas pequeñas, que podrían causar asfixia en caso de ingerirse.**
- El juguete solo deberá ser usado con un cargador para juguetes.
- Use un cargador con salida de 5V y 500 mA con este juguete.
- El cargador no es un juguete.
- El juguete no se deberá conectar a un número de fuentes mayor del recomendado.
- La unidad de cargador destinada a ser usada junto con el juguete se deberá examinar regularmente para prevenir riesgos, como daños en el cable, enchufe, la carcasa de otras piezas, y si se produjesen dichos daños, el juguete no deberá ser usado hasta haberse reparado apropiadamente.

Limpieza y mantenimiento

Debe comprobar regularmente que su **SmartGlobe™** no ha sufrido daños, para evitar el peligro de descargas eléctricas. No lo use si este hubiera sufrido daños.

Retire siempre las baterías antes de la limpieza del mismo. No intente desmontar ninguna parte del producto, use únicamente un paño seco y suave para llevar a cabo la limpieza.

No permita que el **SmartGlobe™** o cualquiera de sus partes se moje, y asegúrese de que sus manos están limpias antes de tocar su superficie.

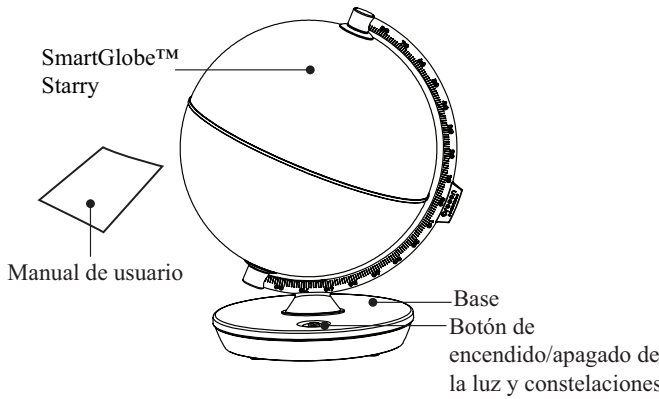

Información de contacto

Estaremos encantados de recibir sus comentarios y sugerencias y apreciamos las aportaciones de nuestros clientes. Siéntase con total libertad para contactar con nosotros a través de <http://store.oregonscientific.com/es>.

Acerca de su Globo de SmartGlobe™ Starry

Su **Globo de SmartGlobe™ Starry** incluye las siguientes partes, contacte con Oregon Scientific si faltara alguna de las piezas.

Frontal

Contemple las constelaciones

Pulse el botón de encendido/apagado para apagar la iluminación y contemplar las constelaciones por la noche. El globo muestra las principales constelaciones y estrellas con sus nombres de uso común.

Aplicación de Realidad Aumentada

Para activar la función de Realidad Aumentada, descargue e instale la aplicación en su teléfono móvil u ordenador de tipo Tablet. Esta aplicación es compatible tanto con Apple iOS como con el sistema Android.

Según las Directrices Europeas 2011/65/EU y 2012/19/EU, relativas a la reducción del uso de sustancias peligrosas en los aparatos eléctricos y electrónicos, además del desecho de los residuos.

El símbolo tachado del contenedor que se encuentra en el aparato indica que el producto, al final de su vida útil, deberá depositarse en un lugar separado de los demás residuos. Por lo tanto, el usuario deberá entregar el aparato, cuando deje de utilizarse, a los adecuados centros de recogida diferenciada de residuos electrónicos y electrodomésticos, o deberá devolverlo al vendedor en el momento de compra de un nuevo aparato de tipo equivalente, uno a cambio de otro.

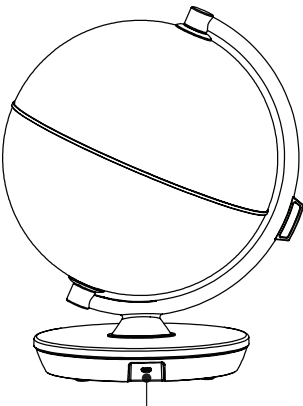

La adecuada recogida diferenciada del aparato inutilizado para el sucesivo reciclaje, tratamiento y desecho ambientalmente compatibles, contribuye a evitar posibles efectos negativos en el medioambiente y en la salud, y favorece el reciclaje de los materiales de los que se compone el aparato.

El desecho abusivo del producto por parte del usuario implica la aplicación de las sanciones previstas por la ley.

El juguete debe ser conectado únicamente a equipos de Clase II que lleven el símbolo

Benutzung der Augmented Reality-App

1. Nachdem Sie die App erfolgreich aktiviert haben, markieren Sie die Schaltfläche „Globus bewegen“ in der Mitte der App und warten Sie, bis es geladen ist.
2. Halten Sie Ihr Gerät ca. 30 cm entfernt vom Globus und lassen Sie die App den Globus automatisch scannen.
3. Um die Aktivitäten zu starten, wählen Sie die Aktivitätssymbole rechts unten.

Vorsichtsmaßnahmen

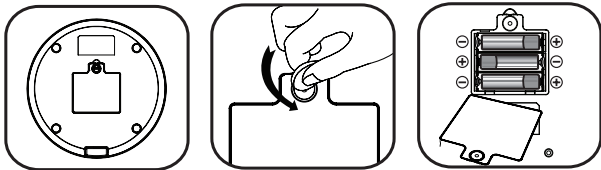

- **Warnung! Nicht geeignet für Kinder unter 3 Jahren. Kleine Teile. Erstickungsgefahr.**
- Das Spielzeug darf nur mit einem Transformator für Spielzeug verwendet werden.
- Verwenden Sie einen Transformator mit 5V 500mA Ausgang für das Spielzeug.
- Der Transformator ist kein Spielzeug.
- Das Spielzeug darf nicht an mehr als die empfohlene Anzahl von Stromanschlüssen angeschlossen werden.
- Die mit dem Spielzeug zu verwendende Transformatoreinheit sollte regelmäßig auf mögliche Gefährdungen untersucht werden, wie z. B. eine Beschädigung des Kabels oder der Schnur, des Steckers, oder der Hülle anderer Teile. Im Falle einer solchen Beschädigung darf das Spielzeug nicht verwendet werden, bis dieser Schaden ordnungsgemäß behoben wurde.

Liebe Eltern/Erziehungsberechtigten,

Vielen Dank für die Auswahl des **SmartGlobe™ Starry** von Oregon Scientific. Dieses Produkt kombiniert Karte und Sternbilder in einem Globus, verfügt über eingebaute Augmented Reality -Technologie und bietet Ihnen mit unserer eigenen **Smart Globe**-App einen realen Blick auf die Welt. Als stark international ausgerichtetes Unternehmen haben wir bei Oregon Scientific alle ein persönliches Interesse daran, Produkte zu entwickeln, die Kindern und Erwachsenen helfen, mehr über unsere globalen Nachbarn zu erfahren. Unser Ziel ist es, dass Sie etwas Neues und Inspirierendes lernen, das Ihre Perspektive der Welt verändern könnte.

Erste Schritte

Ihr **SmartGlobe™ Starry** wird von drei AA-Batterien oder einer USB-Stromquelle (nicht im Lieferumfang enthalten) betrieben. Um die Batterieabdeckung zu öffnen, entfernen Sie die Schraube unter der Unterseite mit einer Münze und ziehen Sie sie dann wie gezeigt auf. Setzen Sie die Batterien ein und setzen Sie die Abdeckung wieder ein.

Warnung

- Verschiedene Batterietypen oder neue und gebrauchte Batterien dürfen nicht gemischt werden.
- Verwenden Sie nur Batterien gleicher oder gleichwertiger Art.
- Batterien sind mit der korrekten Polarität einzusetzen.
- Entfernen Sie die Batterien aus dem Gerät, wenn das Gerät längere Zeit nicht benutzt wird.
- Entfernen Sie alle Batterien, wenn Sie die Batterien ersetzen.
- Batterien nicht im Feuer entsorgen.
- Nicht wiederaufladbare Batterien dürfen nicht aufgeladen werden.
- Wiederaufladbare Batterien sind vor dem Aufladen aus dem Produkt zu entfernen.
- Wiederaufladbare Batterien dürfen nur unter Aufsicht eines Erwachsenen aufgeladen werden.
- Leere Batterien müssen aus dem Produkt entfernt werden.
- Die Versorgungsanschlüsse dürfen nicht kurzgeschlossen werden.
- In einer Umgebung, die anfällig für statische Entladung ist, kann es zu Störungen des Gerätes kommen. Zum Zurücksetzen nehmen Sie die Batterien mindestens 10 Sekunden lang heraus, bevor Sie die Stromversorgung wieder anschließen.

Reinigung und Instandhaltung

Ihr **SmartGlobe™** sollte regelmäßig auf Beschädigungen überprüft werden, um die Gefahr eines elektrischen Schlags zu vermeiden. Verwenden Sie das Produkt nicht, wenn es beschädigt ist.

Entfernen Sie vor dem Reinigen immer die Batterien. Versuchen Sie nicht, einen Teil des Produkts zu zerlegen und verwenden Sie nur ein weiches, trockenes Tuch für die Reinigung.

Der **SmartGlobe™** und seine Teile dürfen nicht nass werden. Stellen Sie sicher, dass Ihre Hände sauber sind, bevor Sie die Globusoberfläche berühren.

Über Ihren SmartGlobe™ Starry

Ihr **SmartGlobe™ Starry** wird mit den folgenden Teilen geliefert. Bitte wenden Sie sich an Oregon Scientific, falls Teile fehlen sollten.

Vorderseite

Beobachten der Sternbilder

Drücken Sie die AN-/AUS-Taste, um das Licht einzuschalten und die Sternbilder nachts zu beobachten. Der Globus zeigt die wichtigsten Sterne und Sternbilder gemeinsam mit ihren gebräuchlichen Namen.

Aplicativo de Realidade Aumentada

Um die Erweiterte-Realität-Funktion zu aktivieren, laden Sie die App auf Ihr Smartphone oder Tablet PC herunter und installieren Sie sie. Diese App unterstützt sowohl Apple iOS als auch das Android-System.

Systemanforderungen

	Min. Konfiguration	Empfohlene Konfiguration
	iOS 8.0+	iOS 9.0+
	1GB RAM 1GB Speicherplatz	2GB RAM 1GB Speicherplatz
	iPad 4, iPhone 5s	iPhone 6, iPad Air 2 und darüber
	4.5+ OpenGL ES2.0	5.0+ OpenGL ES2.0
	1GB RAM 1GB Speicherplatz	2GB RAM 1GB Speicherplatz

Installieren und aktivieren Sie die Smart Globe-App

1. Suchen Sie “Smart Globe” im Apple App Store oder bei Google Play **ODER** scannen Sie den QR-Code oben oder auf der Paketbox, um die App herunterzuladen.
2. Öffnen Sie die “Smart Globe”-App, registrieren Sie sich und melden Sie sich an.
3. Scannen Sie über die Betriebsseite der App den aktivierenden QR-Code am unteren Rand des Ständers, um die Smart Globe-App zu aktivieren.

Hinweis: Der aktivierende QR-Code steht für die Aktivierung der App auf fünf Smart-Geräten zur Verfügung. 4

Según las Directrices Europeas 2011/65/EU y 2012/19/EU, relativas a la reducción del uso de sustancias peligrosas en los aparatos eléctricos y electrónicos, además del desecho de los residuos.

El símbolo tachado del contenedor que se encuentra en el aparato indica que el producto, al final de su vida útil, deberá depositarse en un lugar separado de los demás residuos. Por lo tanto, el usuario deberá entregar el aparato, cuando deje de utilizarse, a los adecuados centros de recogida diferenciada de residuos electrónicos y electrotécnicos, o deberá devolverlo al vendedor en el momento de compra de un nuevo aparato de tipo equivalente, uno a cambio de otro.

La adecuada recogida diferenciada del aparato inutilizado para el sucesivo reciclaje, tratamiento y desecho ambientalmente compatibles, contribuye a evitar posibles efectos negativos en el medioambiente y en la salud, y favorece el reciclaje de los materiales de los que se compone el aparato.

El desecho abusivo del producto por parte del usuario implica la aplicación de las sanciones previstas por la ley.
